REACH Consultancy

REACH offers high-qualified services to companies, research organisations and individuals, who are seeking for support in elaborating project proposals and managing projects funded by the European Commission (EC) programs, like: Horizon 2020, SME Instruments, Erasmus+, COST Actions, among others. Main focus is specifically given to the Information Communication Technology (ICT) area of the program Horizon 2020. REACH also support projects with Latin America, with emphasis on the EU-Brazil Research Collaboration.

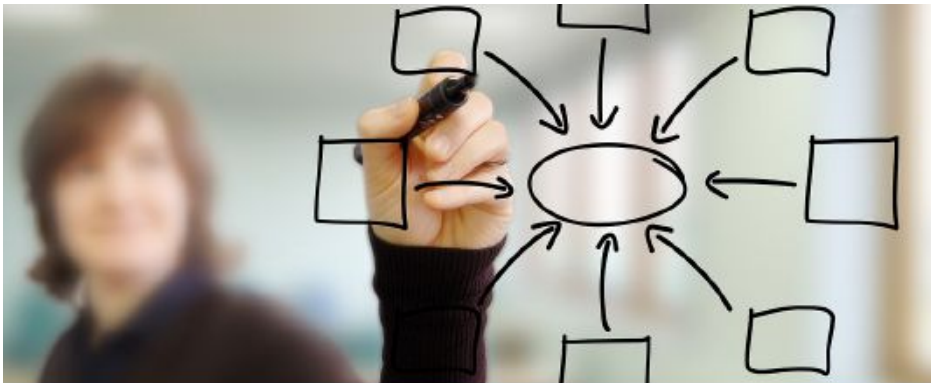

REACH counts with an experienced team of partners and a pool of highly qualified experts on specific areas to assist your projects.

Consolidated Competence for supporting:

EU ICT Project Proposal & Project Dissemination and Management
Customized & Specialized Evaluation Services in ICT

Extra Consulting Competence for supporting:

EU-Brazil Research Collaboration Projects & Networks
Research Projects with Latin America & SME Projects

Your Partner for EU Project Proposals Preparation, Project Dissemination & Management

Main Services:

- EU Funding Options: Coaching for finding appropriate EU funding to develop a project idea.
- Consortium Building: Specific Support to build up a Partner Consortium.
- Preparation: Support for Initial Proposal Preparation.
- Specific Review: Proposal Specific Review according to the EC Program Call.
- Evaluation: Expert Evaluation of almost-ready-to-submit Proposals.

Services

REACH Consultancy mainly provides R&D management, proposals writing support, communication, dissemination & exploitation services for EU projects, with emphasis on the Horizon 2020 framework. Specific services offered by REACH Consultancy include: coaching for matching project ideas with appropriate EU funding options, coaching about EU grants & proposal development processes, coaching for project partner search and consortium building, project proposal preparation, support for research and innovation cooperation in industry-academia partnerships, support for research and innovation cooperation with Latin America.

Reach also offers Training, Seminars and Technical Consultancy to support customers and their needs.

REACH is proud to support you to bring your innovative ideas into reality.
